

PRODUCT LIST TEXTILE PROCESSING RANGE

No.	PRODUCT	APPLICATION
-----	---------	-------------

[A] FINISHING :

1	DTEX - PE	Polyethylyne wax emulsion for crease recovery tear strength and softerhand for the cotton and synthetic fabrics
2	DYCOL - NKS	Acrylic body solution for cotton and synthetic fabrics
3	DECOL - NS	Non ionic softner for cotton and synthetic fabrics
4	DECOL - AS	An-ionic softner for cotton and synthetic fabrics
5	DECOL - RS	Reactive softner for cotton and synthetic fabrics
6	DECOL - CS	Cataionic softner for cotton and fabrics
7	DECOL - LE	Fatty Amine base non yelloning cataionic softner with extra lustre for cotton and synthetic fabrics
8	TEXO - SLC	Reactive base cataionic softner in Liquid Form to give smoothy softness result against "ceranine SWP of SANDOZ" for cotton fabrics suiting and export quality fabrics
9	ACROTEX - R	Acrylic base softner for cotton, synthetic and their blends
10	SUPERFEEL - S	Antistatic softning agent for silky finish
11	TEXO - FIL	Oilbase anticrease feel for synthetic fabrics
12	TEXO - FR	Oilbase softner with body for cotton and synthetic fabrics
13	TEXO - RTN	Oilbase softner bulkiness for cotton fabrics
14	TEXSOFT - PA	Wax emulsion for the wax finish of cloths
15	PVA / MBX / SIOFIX	Body emulsion with soft and stiff finish
16	FINISHOL - TR	T.R. oil for cotton finishing
17	TEXSOFT - SE	Silicone emulsion for synthetic finish
18	TEXSOFT - FN	Amino silicone emulsion with bouncy effect for synthetic finish
19	RESIN KVS	Glyaxol base resin with built in catalyst and anticreasing property
20	RESIN UF	Urea formaldehyde resin for cotton and synthetic fabrics
21	ACRYSIZE	Acrylic Sizing Agent for cotton and synthetic fabrics
22	SOFTSIZE	Fatty Softner for sizing of cottong and synthetic fabrics

[B] DYING AND PRINTING :

1	TEXPRINT - KBI	Anionic antimigrating and air gap remover for creative and disperse printing
2	TEXOFIX - DF	Difixing agent for direct and reactive dying on cotton fabrics
3	STAINTEX - SR	Solvent base STAIN REMOVER and scouring assistance for polyster fabrics
4	SCOURTEX - R	Keir boiling and scouring agent for cotton
5	TEXOGEN - LDA (DFT)	Levelling agent and dispersing agent to get maximum yield for polyester dying
6	DYETEX - 100	One step dying and scouring agent for jet dying.

TEXTILE AUXILIARIES - ROTARY AND FLATBED SCREEN CHEMICALS

Shed No. 3, Shri Ram Industrial Park, Nr. Vaishalinagar, Shahvadi, Narol, Ahmedabad- 382405.

Mobile : 97272 25888 / 94266 01260 E-mail : vanrajchemicals@gmail.com

No.	PRODUCT	APPLICATION
7	DEFOAM - T8	Extremely powerful and stable defoaming agent for jet dying and all other process.
8	TEXPRINT - SDN (HT)	Anionic printing accelerator for disperse printing, also helpful in fixation process in hedger(loop).
9	DYETEX - CJD	Solvent base carrier for jet dying.
10	STRIPER	To remove the laker from the screen.
11	ENDRING REMOVER	To remove endring from Acrylate from the screen.
12	DEGREASER	To clean the screen
13	CHOCKING REMOVER	To clear colour, binder etc. from the screen
14	LAKER	Photo emulsion for felt-bed and perforated nickle screen
15	P C KHADI (WHITEX-PC)	Polyester carbonised khadi
16	COT. KHADI	Cotton Khadi
17	SP. KHADI	For Poonam, Hosiery and other synthetic blends
18	SP. BINDERS	VP-1000 (laser-4000), 9400, 3252, ECN, SLN, FKLN
19	FIXER - CCL	For Pigment dyeing and printing
20	SEQUEST - TC	Chillating agent

[C] WASHING, BLEACHING, MERCERISING, SCOURING etc.

1	TEXPOL - AD	Anionic wetting agent and detergent
2	TEXPOL - AWD	Anionic wetting and rewetting agent
3	TEXPOL - ASD	Anionic wetting cum scouring agent
4	TEXPOL - ND	Nonionic wetting agent and detergent
5	TEXPOL - NED	Nonionic wetting and rewetting agent
6	TWET - DAW / O.T. PASTE	Powerful wetting - rewetting agent also useful in heat setting process
7	TEXPOL - NSD	Nonionic wetting cum scouring agent
8	TERCOL - NC	Non cresylic mercerising agent
9	WHITEX - 2B / 2BA / 2E	Optical whitening agent for cotton fabrics
10	STAINTEK SN	Powerful scouring agent with desizing property
11	STAINTEX - SR	Effective stain removing agent

[D] TEXTURISING :

1	TIKON - 42	Antistatic CONNING oil for texturised yarn
2	TIKON - 50	Antistatic oil for texturised yarn
3	TEXSPIN - LS	Antistatic levelling and softening agent for texturised cotton fabrics and fibre dying

** We also can offer 100% (concentrate) many of product on your demand

** Packing of 35 kg., 50 kg. and 200 kg.
